I found the sea to be really blue.
I found myself being absorbed
into the scenery in front of me,
which changes by the season, day and hour.

海は本当に青いんだよ、知った。
季節ごとに、日ごとに、瞬間にまた景色が変わる。
目の前に見える景色に、今自分がいる。

Looking at the sun sinking in the west sea.
I was surprised how fast the earth is spinning.
Dying the summer and soon red, the evening glow was
brushing its reach to envelop everything in a dash.
I said to the sun, "Thank you for shining on us today."

夕日に沈む太陽を眺めながら
その早さに、こんなに加速は早い紅の夕日を窓内。
海も山も赤く染めあげ、あっという間に包囲込んでしまった。
夕日一起に、ありがたし。

山陰海岸ジオパークトレイルガイド

Features of the San'in Kaigan Geopark Trail

The San'in Kaigan UNESCO Global Geopark. Here you can learn about the history of the formation of the Sea of Japan, which sustain our lives. "The San'in Kaigan Geopark Trail", a long trail running across east to west of the area, was established under the concept "Trail going along the sea while connecting the communities." Along the trail, you can enjoy an archetypal image of the Japan Sea coastal area, including the magnificent natural scenery of the San'in Kaigan Geopark, the landscapes of fishing villages fostered by the biseasons of the Japan Sea, and the history and culture of the coastal area. Mainly comprising natural trails, the San'in Kaigan Geopark Trail route features a wide variety of trail types, such as beach trails, rocky coast trails, trails on sand dunes, and mountain trails.

We will walk along the historical road "Shikano Otsu Trail," that connects Yoshioka Onsen, which once prospered as a post station town, and Shikano Castle Town.

The Shikano Castle Town was constructed about 100 years ago and retains the remains of its prosperity as a transportation hub.

鹿野庄は古くから宿場町と西郷組の町並みで有名な道「鹿野庄街道」が走るほか、約100年前に豊臣秀吉の旗本城下町として整備された西郷城跡など歴史的・文化財が残る。

① Remains of Shikano Castle's Kōan (Kōan), the base of Shikano Castle, and the foundation for the current building to this day in the area.
鹿野庄城跡の基壇（基壇）と現在の建物の基礎となる地盤。

② Shikano Castle Boardwalk, a walkway connection with beautiful cherry blossoms in full bloom. About 100 meters long, it runs parallel to the surface of the water at the bottom.

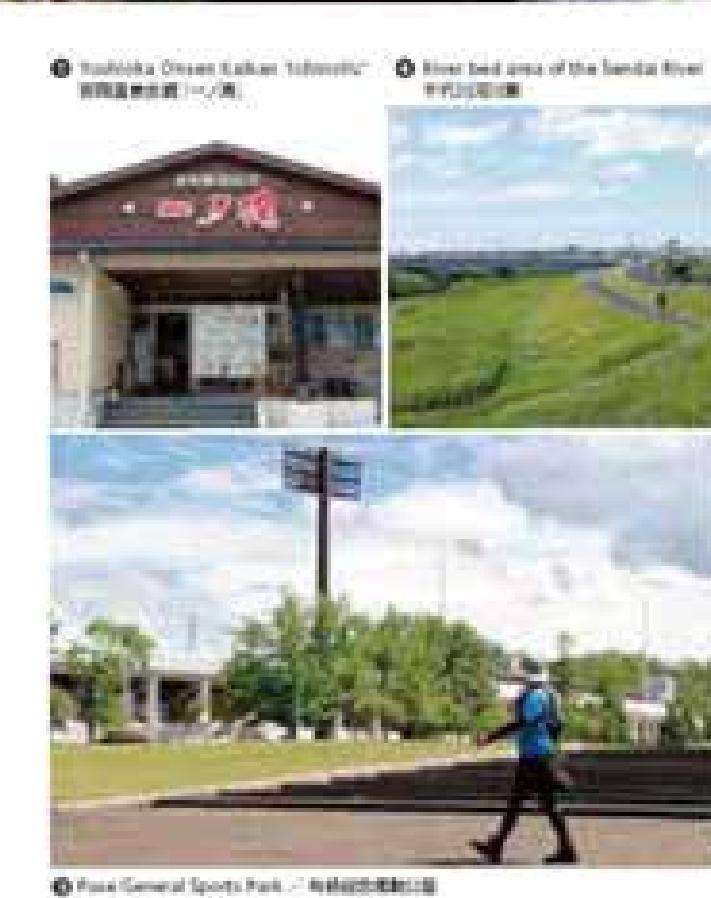

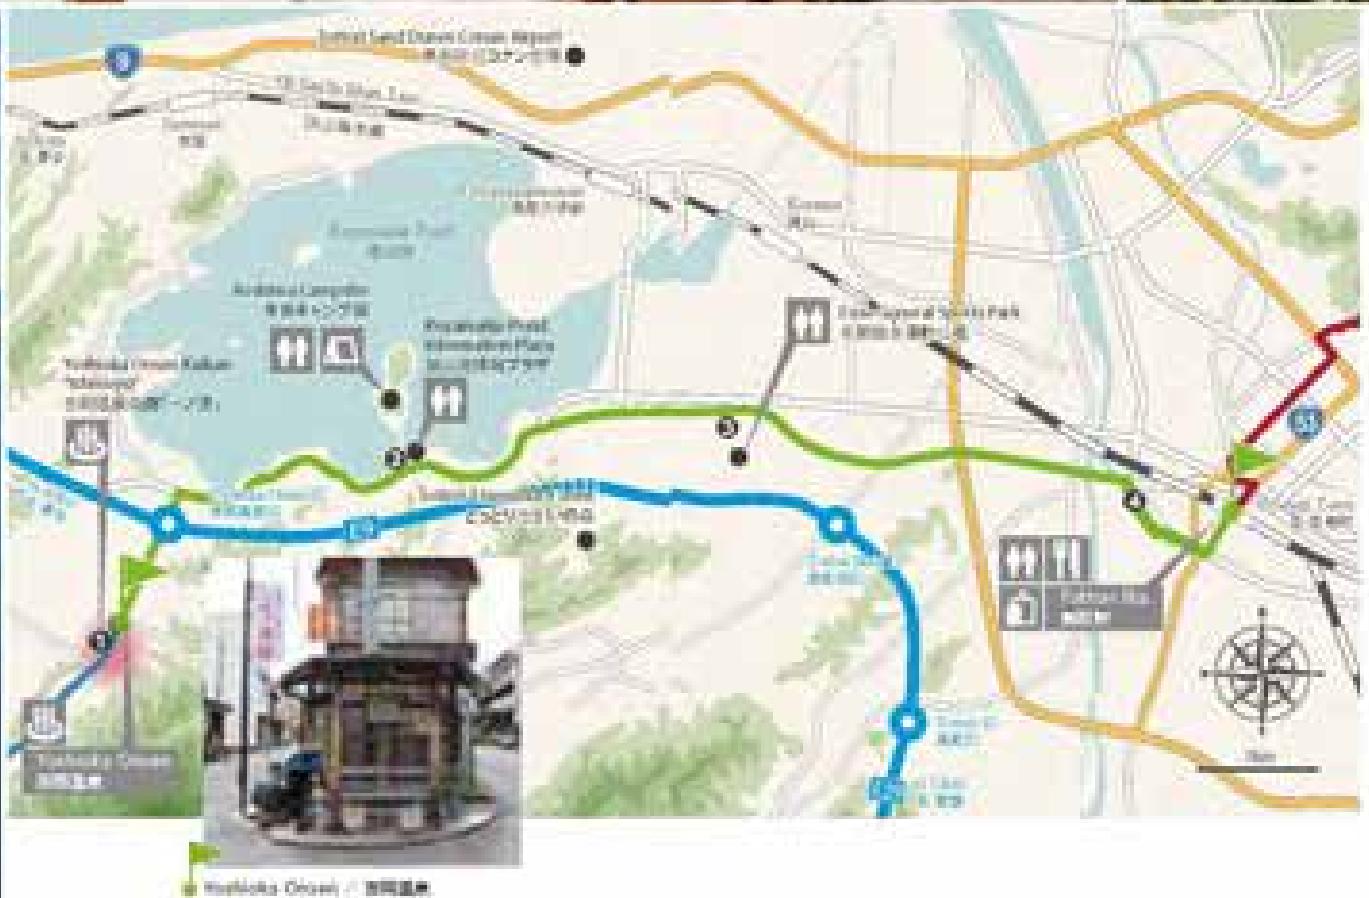

③ View toward east from the vicinity of Matsuno Pass. The Matsuno Otsu Shikano Trail is a highway used by successive owners of the Shikano Castle for coast trips and from Edo (present Tokyo).

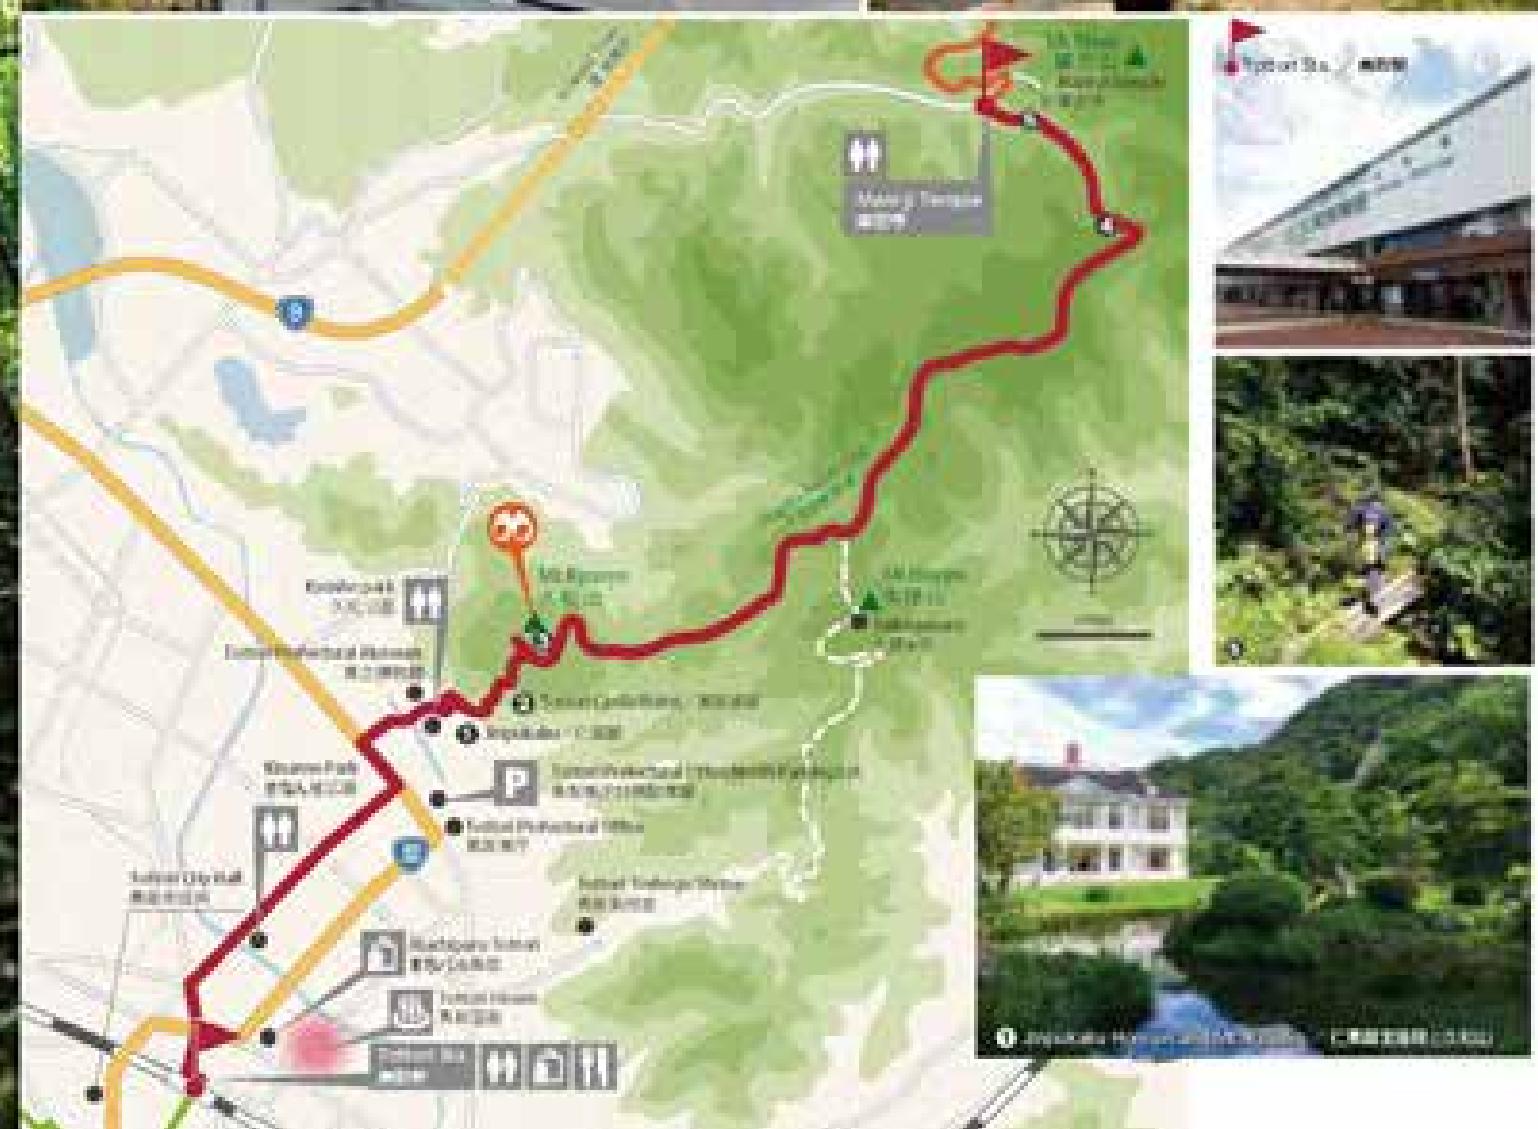

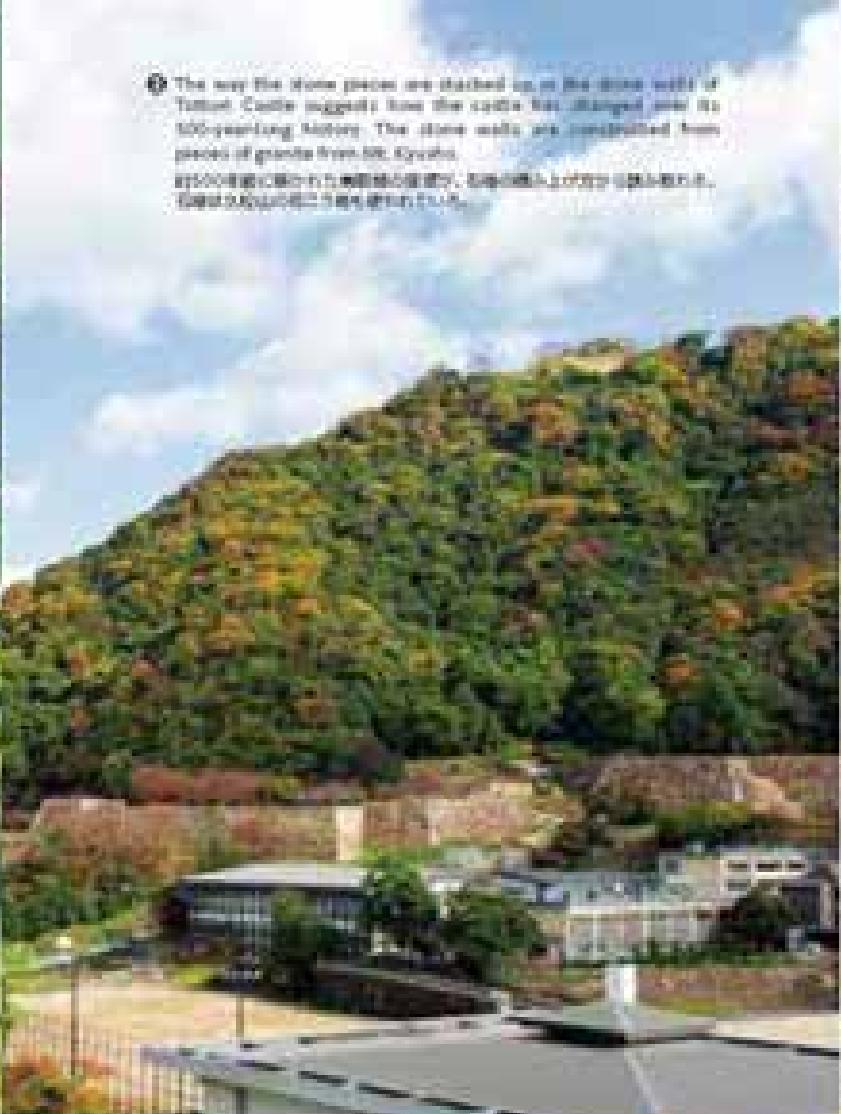

鹿野庄城跡から東側の眺め。鹿野庄街道の松野峠付近。

④ The evidence of the Sanriku Quake. Because of the Tōhoku Earthquake that occurred in 1968, the ground was displaced and the embankments were dislocated. Designated as a natural monument of Tottori Prefecture.
